Calotabs Are Best For Colds And Influenza

Doctors Now Prescribe Calotabs, the Purified Calomel Tablets That Are Nauseless, Safe and Sure

Doctors are warning the public that simple colds and mild cases of influenza often lead to pneumonia and other serious complications. They say that every cold should receive immediate attention and that the first step in the treatment is to make sure that the liver is active. For this purpose Calotabs, the perfected, nausealess calomel tablets are the surest, best and most agreeable laxative.

One Calotab at bed time with a swallow of water—that's all, no salts, no nausea, and no upsetting of the digestion and appetite. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast. Eat what you please—no danger.

For your protection, Calotabs are sold only in original sealed packages, price thirty-five cents. All druggists recommend and guarantee Calotabs and are authorized to refund the price if you are not delighted with them.—(Adv.)

Local Firm To Operate Branch Plant In Ashland

Robinson Farmer has returned from Cleveland, where he accompanied Charles W. Menshouse and Haskell Adams, representing Ashland business men who are associated with Albert S. Meyer and Mr. Farmer in an Ashland plant.

The Ashland plant is to be an exact duplicate of the White Bottling Company's plant in Cleveland, and will have a capacity of 2,000 cases for ten hours, more than twice the size of the Portsmouth plant.

From the time the bottle goes to the washing machine until it is bottled, labeled and returned to the case, it will not be touched by human hand. The new plant will be the last word in equipment and sanitation and it is hoped to have it in operation by April 1st. Later a bottling plant will be started probably in Huntington.

MESSAGES OF CONDOLENCE RECEIVED OVER THE PASSING OF PHIL S. CLARK

Republican leaders, the state over, are expressing grief and sympathy in hearing of the death of Phil S. Clark, one of the leading Republicans of Scioto county and of this part of the state. Telegrams, yesterday, began pouring in from Republican leaders, most of whom were in Columbus attending the big State Republican meet, expressing their heartfelt sympathy to the widow and relatives.

A telegram signed by Warren G. Harding, United States senator from this state and candidate for the Republican nomination for president and Gen. H. Clark, chairman of the Ohio State Republican Executive Committee read as follows:

"We learned of the death of your honored husband with profoundest sorrow. His passing is a severe and lasting loss to the great party which he served so devotedly, and so ably and in whose councils for more than a third of a century he filled so large and influential part. We send you in your bereavement the sincerest sympathy of ourselves and of those of our fellow citizens gathered in the state capital who were shocked at the sad and unexpected news."

Hon. Chas. E. Hard, of the state Republican advisory committee, a former representative from this county in the State Legislature, and a close friend of Mr. Clark telegraphed as follows:

"The news of the death of Mr. Clark came to me as a personal blow. I can hardly realize it to be possible. At this time I can but express my sincerest and most heartfelt sympathy in your bereavement. I shall be present at the funeral of my old and dear friend."

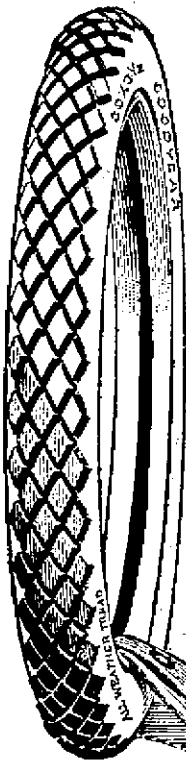

The following message was received from State Bank Examiner George Walters, who while Mr. Clark was postmaster here was his assistant:

"I am deeply shocked and grieved to hear of the passing away of my dear friend, Mr. Clark, and I assure you of my heartfelt sympathy in your bereavement."

A telephone message was also received from John F. Jones and the Hon. Edwin Jones of Jackson, who stated that they would also be present at the funeral. Mr. Geo. Walters will also come from his home in Clermont to attend the funeral of Mr. Clark.

11 HENS IDLE; NOW LAY 221 EGGS A MONTH

Mrs. Young Almost Gave Up Raising Chickens. Then She Tried This Plan.

"When I accepted your offer and tried Don Sung, I had been getting for 2 eggs every other day. The next month, using 50 cents worth of Don Sung, my 11 hens laid 221 eggs. I almost gave up raising chickens, but now I lay 221 eggs a month as many as I can. Mrs. E. C. Young, Bellefonte, Pa. Feed is too expensive to waste on idle hens. You can easily start your hens laying and keep them laying, even in coldest winter. To prove it, all you need do is accept our offer, as Mrs. Young did.

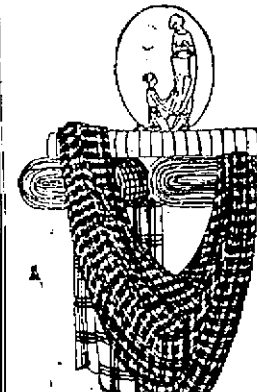

Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, tell us and your money will be promptly refunded.

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her more active in any weather, and starts her laying.

Try Don Sung for 20 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your druggist or poultry remedy dealer or send 50 cents for a package by mail prepaid. Burrall-Duggar Co., 254 Columbia Bldg., Indianapolis, Ind.

Good Gracious! How My Back Aches!

That's Many a Woman's Complaint—It's Work All Day Without Rest. Sometimes the Feet Swell and Ache—or the Head Aches.

It's all due to an over-abundance of that poison called uric acid. The kidneys are not able to get rid of it. Such conditions you can readily overcome, and prolong life by taking the advice of Dr. Pierce, which is avoid too much meat, or tea. Drink plenty of pure water, preferably hot water, before meals and drive the uric acid out of the system by taking "Anuric." These anti-uric-acid tablets can be obtained at almost any drug store, in tablet form, and will dissolve uric acid as hot water dissolves sugar.

You know that before an insurance company will take a risk on your life the examining physician will test your water, and report whether you are a good risk. You should send a bottle of water to the chemist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and you will receive free medical advice as to whether the kidneys are affected.

Fremont, Ohio—"Anuric cured me when doctors and other medicine had failed. For about five years I suffered with kidney complaint and bladder trouble. I suffered with pains in my back and across my kidneys. I became so bad that rheumatism set in and extended through my limbs and arms. I doctored without getting relief until I saw Anuric advertised and, knowing how good all Dr. Pierce's other medicines are, I decided to try these tablets and it was only necessary for me to take three bottles to completely cure me of all kidney trouble and rid me of all the rheumatism. "Anuric is the best medicine I have ever taken for these ailments."—MRS. DAISY CHERRY, 813 Garrison St.

BELIEVED CLOSED CAR STRUCK MRS. GABLE

Chief Distel said Wednesday that he had been unable to obtain a tangible clue to the driver of the machine which struck Mrs. Ella Gable last Friday night and injured her so badly that she died a short time later.

From the best information obtainable, it was a closed car that hit Mrs. Gable and the chief is working on this theory. Residents in the vicinity of

the accident, Eleventh and Lincoln streets, were told that the car resembled a Ford Sedan, but this is believed to be mere conjecture. Chief

Distel is leaving no stone unturned to learn the identity of the man whose machine cruelly snuffed out the life of one of the city's most beloved residents.

NOTES BETWEEN MEXICO AND U. S. ANNOUNCED

MEXICO CITY, Feb. 25.—Texts of three notes which have recently passed between the Mexican government and the state department at Washington were made public at the foreign office here last night.

The first was a request from former Secretary Lansing that the Mexican government issue passports of Henry Harries, an American witness before the Fall subcommittee, which recently sat at El Paso, inquiring into Mexican conditions. The second was the Mexican refusal to accede to this request and the third was Mr. Lansing's refusal to allow the issuance of permits for the shipment of arms and munitions to Mexico from the United States.

The state department's note relative to Harries was submitted to the foreign office by George T. Sumner, American charge d'affaires here, on February 12. The Mexican government's attention was called to the fact that the Mexican consul at Eagle Pass had refused to issue Harries' passport because the latter had testified before the Fall subcommittee. The note pointed out that Harries had no choice in the matter, but was threatened with severe penalties if he failed to appear, and expressed the belief the Mexican government could grant the visa without sacrificing her international right to refuse admittance to an undesirable alien. Hope was also voiced that the visa would be granted as soon as possible.

The Mexican reply, dated February 20, pointed out that Harries, in testifying, alleged that anarchistic conditions prevailed in Mexico, citing as proof the fact that President Carranza during his recent trip into the state of Colima was accompanied by a guard of 7,000 men. It was said Harries denounced Article 27 of the Mexican constitution (dealing with petroleum) as "confiscatory and robbery" and made other "harsh and sarcastic comments on the Mexican constitution." The reply stated Harries "inaugurated anti-Mexican propaganda" among those attending the hearings of the Fall committee, and moreover, proposed in tones which excited laughter that he would present his prospects for visa with full expectation it would not be granted.

Due to these reasons the foreign office said it was "paired because it was necessary to decline the North American government's request that orders be issued granting Harries permission to enter Mexico."

Mr. Lansing's reply to the Mexican government's request for permission to import arms and munitions from the United States gave a list of notes received by the state department from Venustiano Carranza, Mexican ambassador to Washington, relating to the

subject, and in substance stated the permission desired could not be granted under present conditions.

THOUSANDS DIED OF INFLUENZA

Doctors Sound Early Warning to Prevent Recurrence of Dreaded Malady This Year.

Avoid closed rooms where there are a number of people. Sleep with your windows open, use a good garlicky night dress, and every morning when you arise, take salt and water can be used for this purpose. Keep yourself in good physical condition.

Get a box of Blacko Tablets from your druggist. They are easy to take and contain no alcohol. One for adults and one-half of one for children taken every other night at bed time will assist nature in providing a gentle, sure acting remedy that will keep the system thoroughly cleansed and free from germs.

The influenza germs enter the body through the nose or mouth and are carried to the intestine with the mucus. A constipated condition prevents the bowels from throwing off the poisonous matter leaving the germs to enter the system.

Blacko Tablets are sold by all druggists at 25c per box.—Advertisement.

HIT BY C. & O. TRAIN; LOSES BOTH LEGS

Henry M. Dinges, aged 40, who has relatives in Portsmouth and Fullerton, was run down by a C. & O. train at Weaver Creek on the Big Sandy Division of the C. & O. yesterday and both legs were ground off above the knees. He was not expected to live. It is said he stepped out of the path of one train only to step in front of another coming in the opposite direction.

"MOST DISEASES DUE TO BAD DIGESTION"

Warns Doctor Who Knows From
30 Years' Experience

"Indigestion and Constipation! Just think what it will do for you, or what it may cause," says Dr. Geo. R. Parker, of Athens, Ohio. "Sick headache, disease of the heart, liver, lungs, kidneys, skin, and impure blood. The food first sours and rots. This brings on a fevered condition of the mucous membrane of the stomach and bowels, then dyspepsia follows, which results in constipation. The fecal matter dries and the fluid portion is absorbed and goes directly into the blood. Is it any wonder that indigestion and constipation cause more diseases than all other causes put together?"

"The way to head off disease is to keep your digestive organs in a healthy condition. Thousands are doing this with my especially prepared feeding out what a vast difference there is between a remedy especially prepared for indigestion and constipation, and one prepared to cure all diseases."

"Try my treatment and be convinced." At your druggist's for \$1.75 the box. Guaranteed, or your money refunded.

Sold by Wunder Bros. Pharmacy, Drake & Strick Pharmacy, Floyd & Drake, Kelson Drug Co. and all druggists.

WOHLER IS FINED

J. R. Wohler, young Sciotoville steel worker, appeared in Municipal court this morning and pleaded guilty to a charge of violating the traffic ordinance yesterday and Judge Small fined him with a fine of \$25 and costs.

The complaint was filed by Rome Arthur, special officer at the steel plant who pursued Wohler in a merry chase from New Boston to this city yesterday morning after the defendant ran his machine into Arthur's car while the latter was under it making repairs. Wohler claimed that Arthur threw a pair of pliers through the curtains of his car striking him on the head and that he made a dash to get away fearing further violence.

E. E. Knox On Committee To Look After Visitors

CINCINNATI, O., Feb. 25.—A total of 715 of the 720 candidates elected to take the degrees in Scottish Rite Masonry appeared yesterday at the Scottish Rite Cathedral. It was the largest class in the history of the Scottish Rite for the valley of Cincinnati, and so inadequate were the pre-

sent quarters that the entire lower floor of the auditorium and part of the balcony had to be given over to the candidates to the exclusion of all members save visitors.

This class, known as the "Victory Home Coming Reunion Class," has more than 200 candidates from points outside of Cincinnati, 25 coming from Marietta and 75 from Portsmouth, with Hamilton and Middletown also well represented.

Yesterday's work was in the Lodge of Perfection, in charge of Thrice Potent Master Louis With, and the Fourth, Fifth, Tenth and Fourteenth Degrees were exemplified. More than 2,500 members registered yesterday and received their souvenir badges.

The lodge this year is a blue ribbon for members, purple for visitors and white for candidates. With a gold double-headed button.

Thomas Kite, the ranking Thirty-third Degree Master for the Cincinnati Valley, was named a Committee of One on Fraternal Courtesy. Eugene E. Knox is chairman of the committee.

You Can't Brush Or Wash Out Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arsenic; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arsenic at any drug store. It is inexpensive and never fails to do the work.

DORT

Quality Goes Clear Through

In the minds of men who measure motor car merit closely there is unquestionably a preference in favor of the Dort.

It is a preference that is based upon very definite facts.

The Dort has demonstrated in the daily use of thousands of owners that it does perform unusually long and faithfully with but rare need of attention.

It has established itself as a car that operates at a very low cost.

These are the results of rigid adherence to proved engineering practice and of sound and skilled construction.

Selects Tackle Dayton's Best

The game Saturday night between the St. Mary's Beavers of Dayton and the Selects of this city is expected to be the first appearance of this crack organization in this city.

The Beavers, formerly the Dayton Beavers, have secured a nationwide reputation by their wonderful basketball playing. They first gained prominence by defeating the Buffalo Bisons, world's champion basketball team. This year they have won nine games and lost only one. They defeated Wittenberg college team, now leading college team in the Ohio state league. The score, 30 points to 13.

The Selects have a team this season that is believed will be able to compete with the crack Beavers. It is believed that if the Selects win, they will have gained state-wide prominence. They feel confident that they can turn the trick and are practicing diligently this week. In any case it will be a battle to a finish.

Oh Boy, Teams Going South; Now For Some Real Dope

Of Course Many Pennants Will Be Won At The Camps

NEW YORK, Feb. 25.—The major league baseball training season was formally opened today when some of Connie Mack's recruits for the Philadelphia Athletics began working out their winter-stiffened muscles at Lake Charles, La.

By the end of this week the vanguard of all the big teams will be on their way to Southern training grounds. Hugh Jennings will be close behind Mack. He has ordered his battery men to report at Macon, Ga., toward the end of this week. The redoubtable Jack Coombs, in his hey-day known as the "Iron Man" of the Detroit pitchers, will have charge of the training of the hurlers, and expects that the results will be a much stronger array of boxmen than the Tigers have possessed for several seasons past. The Detroit team for a number of years past has had enough slugging ability to land a pennant if it had a dependable array of pitchers to hold back the opposing batters. This year Jennings is hoping that Coombs' ability as a nester of pitchers will furnish him enough strength in the box to land the coveted bit of bunting.

The Cleveland boxmen will begin training at New Orleans by Friday next. There will be more than a round dozen of them. Speaker will try out the lot with the hope of developing one or two dependables. A week from tomorrow Clark Griffith will be off for Tampa, Fla., with a bunch of his young players. The capital veteran will not reach training quarters until a week later.

Next Saturday will be the big morning day. Both the Yankees and the Giants move southward on that day. Both St. Louis teams will entrain for their respective training towns in Texas.

The Chicago Cubs will also start on their long trip to Pasadena, Cal. The Boston Red Sox will begin the hike to Hot Springs, Ark., on the same day to begin the spring sweating out. At the same time the veteran Pittsburgh catcher, George Gibson, will lead a bunch of Pirate battery men to the same place.

One week from tomorrow the Boston Braves will begin hardening muscles at Columbus, Ga. The champion Cincinnati Reds will not be in motion before the middle of next week on their way to Southern Florida. By the middle of this week most of the Brooklyn players will be en route to their camp in Florida. The Phillies, too, will soon be on their way to Alabama.

The last starter will be the White Sox. They will not be on the move to Texas until March 12.

White Sox southward who, it is believed, will come through this coming season.

After A Bad Night

Selects Will Tackle Dayton's Best Team

The game Saturday night between the St. Mary's Beavers of Dayton and the Selects of this city is arousing unusual interest in local basketball. This will be the first appearance of this crack organization in this city.

The Beavers, formerly the Dayton Cadets, have gained a nation-wide reputation by their wonderful basketball playing. They first gained prominence by defeating the Buffalo Bisons, world's champion basketball team. This year they have won nine games and lost only one. They defeated Wittenberg college team, now ranking college teams in the Ohio conference. The score, 26 points to Wittenberg's 24.

The Selects have a team this season that local fans believe will be able to cope with the crack Cadets. It is an assured fact that if the Selects win, they will have gained state-wide prominence. They feel confident that they can turn the trick and are looking forward to a battle to a finish.

The game Saturday night will be a real test for the Selects. They will be facing a team that has won nine games and lost only one. The game will be a real test for the Selects. They will be facing a team that has won nine games and lost only one.

NICK CARTER HAS BOOST FOR ROUSH

CINCINNATI, Feb. 25.—Pitcher Nick Carter, of the Cubs, was in the city yesterday, stopping off on his way from his ancestral home in Valdosta, Ga., to Chicago, where he will join Fred Mitchell's team. He stayed over to spend a few hours with his friend and fellow-native, Frank Holder, who also hails from Valdosta.

Carter has signed up for the season and received a good increase in salary, for Mitchell expects him to do some great work for the Cubs this year.

"I see where Eddie Roush will take the training trip with the Reds," said Nick, "and I am glad of it. I consider it a wonderful performer both at bat and in the field. I consider him a more valuable man to a club than Babe Ruth, who will be with the Yankees this season."

Carter left last night for Chicago. The Cubs are scheduled to start West on Saturday. They will stay at Owner Wrigley's estate on Catalina Island this spring.

PLANNING TO ENTERTAIN PLAYERS

CINCINNATI, Feb. 25.—There is a movement on foot to provide entertainment for ball players during the playing season. Harry Asmann, Bill Lyman and Jimmy Myers are prime movers in projecting the plan, and they believe that it can be made a great success.

For several seasons the royal court, which will open headquarters here and furnish a meeting place for the players of both the home and the visiting teams, Harry Asmann, Bill Lyman and Jimmy Myers are prime movers in projecting the plan, and they believe that it can be made a great success.

CHARLESTON TO PLAY HUNTINGTON

HUNTINGTON, FEB. 25.—On Friday night at the high school gym, the Red and Blue basketball five will have the opportunity of regaining all honors for the state championship. The local lads will tackle Charleston high for a return game.

In the first game, Charleston won in an uneven contest. The locals were in a dismaying contest. They played the game on a strange floor after a long hard trip to Parkersburg. The Red and Blue lads will tackle Charleston high for a return game.

Denies Flirting With Carpentier's Boss

LOS ANGELES, CAL., Feb. 25.—Jack Kearns, manager of Jack Dempsey, heavyweight pugilist champion, denied today that he had communicated with M. Desamps, Georges Carpentier's manager, and said he would not negotiate for a championship match with Carpentier until the Frenchman arrived in the United States.

"It is a mistake that I telephoned to M. Desamps or communicated with him in any way," said Kearns, who is meeting on an interview with Desamps.

Kopf Wants \$8,000

Larry Kopf, star shortstop of the Reds, is holding out for \$8,000 this season. He says he is worth it and will get it or he will not play in Boston. Evidently Garry Herrmann is fully aware of the fact by this time that it costs money to win a pennant.

With the players on both sides making more noise than Red fans at a championship struggle with the Chicago White Sox, the Wreckers of the Solvay Duck Pin League closed up on the Skunks at the Play House alley last night two out of three, the game being desperately fought and the latter doubtful until the tenth frame had been completed. This about nothing, and shooting and hitting and yelling—it was a perfect din of noise and confusion.

Wallace of the Wreckers leading in the verbal assaults and Quinn of the Skunks doing his best to make as much noise as Wallace could. Quinn, first one side would be ahead and then the score would be tied. The fact that Meyer and his red sweater came in at the start of the second game, gave the wreckers that particular game for the big play shot for the prize.

Prize was the best pin puncher of the evening, gathering a total of 225, and shooting 124 for high score. Quinn of the Skunks was the second best of the frames, gathering 206. Quinn of the Skunks was the only other player that got as much as 100, although Meyer averaged almost 100 for his two games. OLD LINE POLITICIANS

SENATOR HARDING'S Marion Daily Star has the following defense of the "Old Line Politicians," called forth by an editorial of the New York World which has been boosting Hoover for president:

In its efforts to dictate the nomination of candidates for president in the coming campaign, the New York World decries against what it calls "old-line politicians" in both parties. The American people are not easily alarmed by names. The old-line politicians, against whom the New York World inveighs, are men who have been getting the endorsement of the people of their states year after year for various periods of time, extending back more than a quarter of a century. Senator Lodge, of Massachusetts, for instance, is not a power in the American government today because he is what the World would call an "old-line politician," but because he is a statesman repeatedly approved by the people of his state. The only place where there could be any question as to a man prominent in political life exercising power is the approval of his people in those states of the Union where restrictive legislation has disfranchised a large number of voters, both white and black.

Let the World enumerate the men whom it classes as "old-line politicians," and point out by name those who are exercising power otherwise than through the endorsement of the people of their states at the polls. It will then discover that in its denunciation of "old-line politicians," it has merely set up a straw man in order to occupy the attention of the people of the country while it knocks the straw man down.

New-York-Day-By-Day

BY

O. O. McINTYRE

NEW YORK, Feb. 25—

Here I am writing.

Chained to a typewriter.

Enslaved by my masters.

Crust hearted editors.

Blue penning cypies.

Who may fire me tomorrow.

I curse, curse, curse.

And rattle my shackles.

My spirit is cursing.

My eye is rankling.

I want to be free.

To soar the empyrean.

And yet day by day.

I must pour scolding tears.

Into editorial pens.

And climb up Parnassus.

And slide down again.

Until my bridges are frayed.

I'm going to curse again.

Curses! Curses! Curses!

Curse all conventions.

Taxes and tallies.

Barbers and parsnips.

Bell boys and but boys.

Robbers and pirates.

I want to be free.

I've just seen a dancer.

As wild as a gazelle.

Do an ode to a butterfly.

Fitting and skipping.

With reckless abandon.

From dell to dell.

And here I sit daily.

Grinding out cypies.

When I might as well.

Get a leopard skin.

And a pair of sandals.

And leap into space.

Pantless and free.

And have beautiful ladies.

Send me flowers.

And scented wash notes.

And full of admiration.

And when I told my wife.

She looked at me.

And began to laugh.

And said, "Look in the glass."

And I did.

And I know the truth.

I must still be a slave.

For my legs are warped.

And there is no room.

These drab days.

For how-legged dancers.

Curses and curses and curses.

Somebody's Baby

(Composed by Mrs. Alex Tyree, '10)

Somebody's baby has a dimpled chin,
I think this "dimple" was set therein,
Hearts to make glad
And souls to win.

Somebody's baby has soft brown eyes,
Softer than the blue in the sky,
I think these eyes with their softened
Caught a glimpse of heaven
As they came through.

Somebody's baby has tiny hands:
I think they were made that we might
understand
The many wants as the days go by,
They are reaching out
Not on mother's help must they rely.

Somebody's baby has tiny feet,
Always kept busy their work to com-
plete:
I think these "tiny feet" were made to go
That some day they may lighten
mother's woe.

Somebody's baby has a rose-bud mouth
Set with teeth of pearl:
I think all these lovely features
Should suggest to you
That it isn't a boy,
But a darling little girl.

One of the Boys

The small son of a prosperous law-
yer recently discovered his mother en-
gaged in the unusual task of placing
a patch upon a pair of his little
knickerbockers. As the stitches were
not exactly professional and the new
piece slightly different material the ad-
dition was very obvious to the most
casual observer.

"Never mind," said mother to the
woman. "I suppose every one ought to
learn how to do it, and Junior can
wear these knickers in the house."

"Oh, mummy," expostulated the
youngster, "mayn't I please wear 'em
out? I never had any patches before,
and all the other boys are wearing
em."—New York Evening Sun.

The Poor Little Boy

While came up to his mother with
an expression of anxiety on his face.
"Ma," he asked, "if a poor little boy
was to come to the back door and ask
for something to eat, would you give
him that piece of appetizer that was
left over from dinner?"

"Yes, Willie, of course, I would,"
said the mother, gently.
"All right," he said, "just wait a
minute till I run round to the back
door."

Clever Work

The pupils of the second grade had
been given a test in writing, and after
it was over, the teacher requested them
to take their copy home to show to
their mothers.

The verse which Dwight had writ-
ten was: "Little drops of water, lit-
tle grains of sand," etc.

His mother examined his work and
praised his effort. "But what is this
little word dog doing up here in the
corner?" she asked.

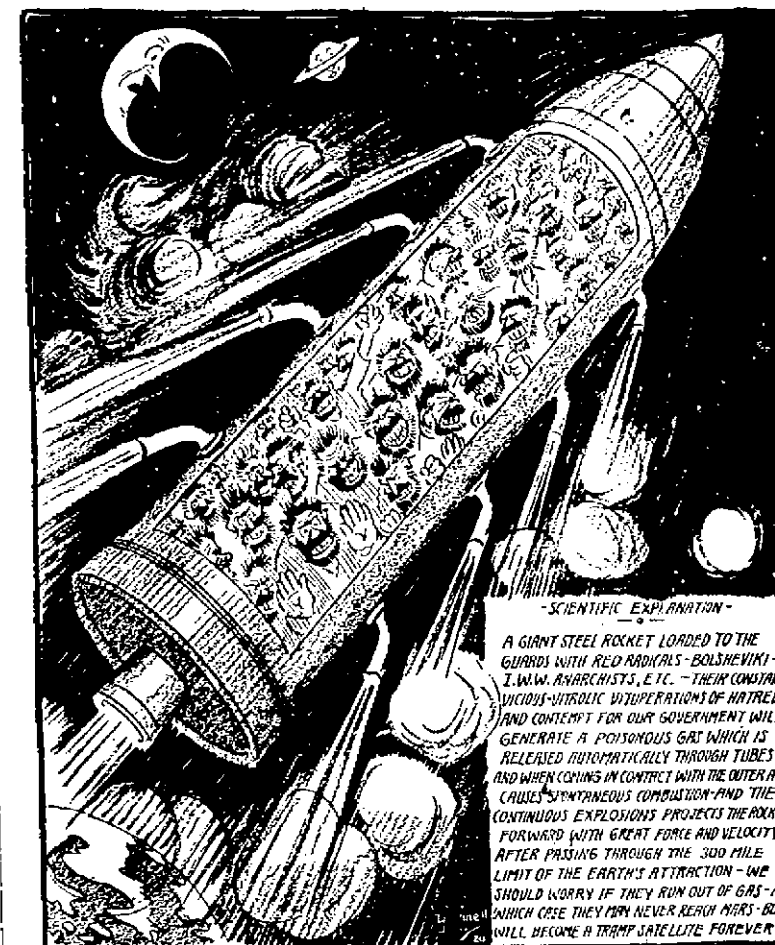

"Oh," explained Dwight, "I forgot
how to make a 'd' and had to write
dog to find out."

Some Orchestra

Just as the orator of the day was
about to begin his address at a ban-
quet a tray in the kitchen upset and
the clatter of dishes could be heard
for two blocks.

The toastmaster, however, was equal
to the occasion.

Calling on one of the waiters he or-
dered:
"Say, please tell the jazz orchestra
to stop playing until the speaking is
over."

Had Him Scare

It was in Paris. The talkative Gal-
lic tourist the tomb of Napoleon with
all the customary flourishes of both
language and hands.

"This immense sarcophagus," ex-
claimed the guide, "weighs forty tons.
Inside of that, sir, is a steel receptacle
weighing twelve tons, and inside of
that is a leaden casket, hermetically
sealed, weighing over two tons. Inside
that rests the mahogany coffin contain-
ing the remains of a very great man."

"For a moment the American was
silent as if in deep meditation. Then
he said:

"It seems to me that you've got him
all right. If he ever gets out, outside me
as my expense."

Slightly Bored

A young revivalist, who had been
extending a meeting for over two
hours without perceptible effect, was
feeling discouraged, when an old miser
interrupted him.

"Say, brother, I'd like to ask a
question.

"The enthusiastic revivalist smiled
with pleasure.

"Think you, my man, for your in-
terest?" he replied. "I shall be more
than glad to set you right on any
point. Your desire for enlighten-ment
is a good sign which I am very, very
glad to see. Now, what is it you want
to know?"

"Can I smoke?" asked the miser.

Counting The Cost

"How much do you pay for last-
week's steak?"

"Not much. After the salesman
up for her head and let out such a loud
and the bone the cost of the whole por-
tion is scarcely worth mentioning."
